The idea

Ellen Wehrs

To focus on attentive humanity and close connection to nature is my innermost desire. Let us support actively the existing protection work for the indigenous native tribe in the Brazilian rainforest and their culturally sensitive integration.

Therefore I want to provide my running power to acquire donations. To this request the forthcoming run „Lichtlauf 2015“ is dedicated.

This is my way and conscious initiative to carry light into our world.

St Jacob's Day, July 25th, 2015 is the big day! – I'll begin my sponsored charity run "Lichtlauf2015". I would like to invite everyone who is interested in supporting or donating this "Run For Light" to visit my website www.lichtlauf2015.jetzt

I would be very pleased to receive sponsorship and donations.

Yours *Ellen Wehrs*

Lichtlauf 2015

RUN FOR LIGHT

This is why I am running 1160 km
from Santiago de Compostella to Barcelona

On the 25th of July 2015, St Jacobs Day, I will begin my Lichtlauf2015 sponsored charity run in Santiago de Compostela. I will set off after the Pilgrim's Mass and make my way "back to our roots" of the indigenous people. I will run a total of 1160 km in 4 weeks to reach my destination, the Tibida Church "Jesu del corzon" in Barcelona. This church of "open-hearted Jesus" can also be found in Brazil, and is the connection to the 2016 Olympic Games host country. The original idea behind the Olympic torch relay is international peace. I would like to remind people of this peaceful connecting of nations with my Lichtlauf2015 (Run For Light) and symbolically bring this original Olympic idea "back to our roots" and back to the indigenous people I have met in Akwe Xerente.

It is my goal to support existing preservation work and to set a positive and inspiring example.

My aunt, Sister Silvia Thekla Wewering, has been living and working in Brazil for 55 years now. She is supporting the native inhabitants on their integrative path into the future. The Kindermissionswerk (children's relief organisation) in Aachen has been supporting this work with the indigenous people of the Akwe Xerente in Brazil since 1995. The P27B project caters for the special educational needs of the indigenous children of Akwe Xerente.

It is a project dedicated to education and development and is very deserving of our support. 100% of all donations to this charity run, Lichtlauf2015, will go to Brazil and benefit the work of my aunt with the indigenous children and the Akwe Xerente people. I would be very pleased to receive donations to support this project.

Yours *Ellen Wehrs*
